Born to be Extraordinary

KYOCERA Document Solutions is Extraordinary for

- **B**road Range of Multifunctional Devices and Printers
- **O**ptimized Total Cost of Ownership (TCO)
- **R**eliable with Long Life Drum and Parts
- **N**ew and Advanced Technology

KYOCERA Document Solutions strives to be a Company that contributes to the society and demonstrates "Customer First" principle by providing customers with maximum value to increase their satisfaction. By adhering to the mission of producing document management devices that take balance between "Economy" and "Ecology", KYOCERA Document Solutions succeeds to develop document management devices with advanced technologies which help customers to optimize office productivity and efficiency at a low Total Cost of Ownership and, at the same time, improving environmental performance.

These new compact A4 multifunctionals are perfect for small work group requesting a very productive document workflow. With printing, copying and color scanning as standard, a fast first-print and copy time will increase your productivity. These devices inherit KYOCERA ECOSYS design to provide customers with a printing solution that incorporates long life drum unit and high yield consumables that achieve one of the lowest costs per print. The operating costs of traditional cartridge-based printers can easily exceed many times the original purchase price during the life of the device. Only toner replacement design helps to reduce waste and burden on the environment.
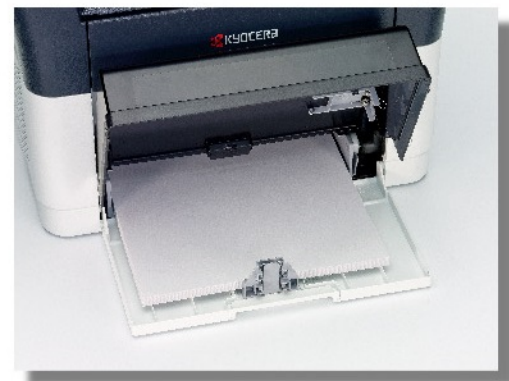

High Capacity Toner for Heavy Duty and Lower Operating Costs

Top class large capacity toner with 2,500 pages (for ECOSYS FS-1020MFP and FS-1120MFP) and 3,000 pages (for ECOSYS FS-1025MFP and ECOSYS FS-1125MFP) are designed to perform heavy duties without interruptions of frequent toner replacements. It also helps to save operation costs and minimize device management costs.

High Capacity Paper Cassette for Top Productivity

To achieve high productivity, the universal paper cassette is designed to hold up to 250 sheet paper and handle legal size paper.

ECOSYS design for Top Reliability and Easy on the Environment

Our proprietary ECOSYS design by separating drum and toner requires replacement of toner only. This not only contributes to lower running cost but also to a better environment with less wastage. All of our toner cartridges are made of 100% recyclable materials. The long life drum unit (for up to 100,000 prints) is designed for top device reliability and durability.

Quiet and Odorless Design for Comfortable Office Environment

Embedded Quiet Mode key is placed on the operation panel or can be selected from the printer driver for easy operation. With low ozone design, the device is perfect to be placed at anywhere in the office.

* When the Quiet Mode is on, the print speed will be decreased.

Distinctive Features for Easy Operation and Efficiency

- **Print Box to Prevent Document Mixing or Waste**

  The Print Box feature is a function trying to avoid unwanted document mixing with shared users. Users can select Print Box to store their print job and collect their print job only when they press the Print Box Key on the device operation panel.

- **Program Key to Perform Complicated Job at One Touch**

  Users can register up to three commonly used settings in copy, scan and fax with the Program Key and recall the setting in just one touch with the Program button on device operation panel.
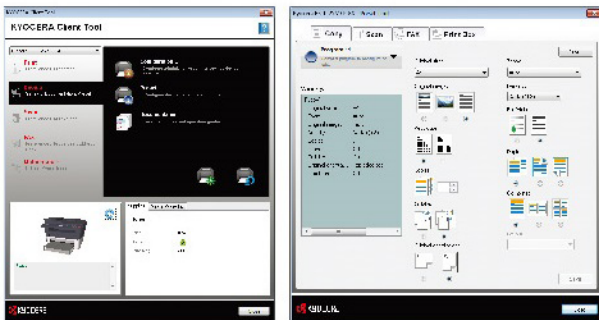

- **Easy ID Card Copy**

  The ID Card Copy program can copy both sides of an ID card to one side of a paper easily.

# KYOCERA Integrated Solutions for Easy Device Management

- **KYOCERA Client Tool**

  KYOCERA Client Tool gives you quick access to common device features and settings plus the current status of the device. User can manage the print, fax and scan settings and create device alerts easily.

Smart Automatic Toner Alert and Ordering System

An automatic toner low alert message can be set and sent to designated staff. When the message prompts out, the staff can either send an email to their designated toner supplier or connect to designated supplier's website for placing order.

- **KYOCERA Net Viewer ***

  KYOCERA Net Viewer is a comprehensive network management tool used to monitor, maintain, and update up to 100 network printing devices locally and remotely. Through KYOCERA Net Viewer, administrators can simply install and update firmware on all KYOCERA connected devices while easily monitoring printed black/color pages, device configuration, accounting, toner usage, and alerts. By implementing KYOCERA Net Viewer, the manpower required to monitor your connected devices is greatly reduced.

  * Only for ECOSYS FS-1025MFP and ECOSYS FS-1125MFP
